OTTAWA, Oct. 10—(CP)—Canada's farmers are in the limelight this week with announcements indicating the importance of the agricultural front in the United Nations' War economy.

Agriculture Minister Gardiner announced an agreement under which Canada will step up her shipments of bacon and pork products to Britain by 75,000,000 pounds in the year 1942-43.

The agreement calls for export of 675,000,000 pounds at a price 10 per cent higher than the price paid under the existing 600,000,000-pound contract for 1941-42. Average price will be \$21.75 per 100 pounds Grade A Wiltshire sides at seaboard, against \$19.77 under the current agreement. The old agreement does not run out until early in November but hog prices already have been increased.

Want More Sheep—Canada's campaign to produce more sheep to make up for overseas wool supplies lost because of enemy gains in the Pacific theatre of war is going to succeed, says James A. Telfer, assistant chief of the Agriculture Department production services. Mr. Telfer, who is in charge of sheep and wool production, said he believed 1,000,000 more sheep and 7,000,000 pounds additional wool production appeared assured for Canada next year.

He predicted there would be 4,000,000 sheep for shearing in 1943 and said farmers had done a good job.

Industry Restriction—Announcements by various authorities have left no doubt that Canadians must expect

drastic steps towards industrial curtailment soon. Donald Gordon, chairman of the Wartime Prices and Trade Board, and Elliot M. Little, National Selective Service Director, addressing the Canadian Chamber of Commerce convention at the Seignior Club, Que., stressed that the curtailment program has been long under study and that it is absolutely necessary to help to win the war.

Tenor of their talks hinted strongly that the program is imminent, and Mr. Little emphasized that every Canadian must take his place either in the armed forces or in essential industry. Mr. Gordon, outlining the curtailment program, said that not only must "luxury" industries go entirely, but that industries needed to sustain Canada at home must be pared to the limit.

Awards for Army—Canada's first Victoria Cross of the Second Great War has been awarded to Lt.-Col. Cecil Merritt of Vancouver and Belleville, Ont. The award topped a list of decorations to 178 Canadian officers and men who fought the battle of Dieppe. Col. Merritt, commander of the South Saskatchewan Regiment, led his men and fought beside them with gun and grenade during the advance, and then covered their retreat from the beach to fall prisoner to the enemy. In addition, 12 Canadian officers received the Distinguished Service Order, 12 non-commissioned officers and men the Distinguished Conduct medal, 16 officers received the Military Cross and 45 men the Military Medal, while 24 officers and 68 other ranks were "mentioned in dispatches."

Editorials**THE ENEMY STOPS SHORT**

When an individual, either as an enemy agent or as an honest person who believes what he says, whispers that Canada's Victory Loan bonds will not be cashed after the war, he does not go far enough. To be consistent, and fair, he should add that any future condition in this country which would cancel out the value of Victory Bonds would also make all life insurance policies worthless. He should explain that savings accounts would be wiped. He should point out that all dollar bills, five dollar bills, or any other kind of currency, including silver coins, would be just something to toss into the ash can.

Victory Bonds cannot be set aside as something separate and apart from other obligations of this, our country. They are just as sacred a "promise to pay" as the one dollar bills we carry in our pockets.

These bonds are held by the people of Canada. And the only way through which they could be repudiated would be by a decision of the people of Canada not to pay themselves back.

The pessimist is out of order in Canada. The assets and resources of this country which back up these loans from the people are billions and billions of dollars in excess of the loan totals. Even with all the borrowing that has had to be done since the start of the war in 1939, the interest cost of Canada's total debt to this date, is only 189 million

dollars a year.

Canadians can and will meet indebtedness of that size. Fifty years from now our children and our children's children will likely smile quietly at the small financial problem which we thought was so big.

TO KEEP ON A BANDAGE

Where it is difficult to keep a bandage in place on a leg, knee or foot injury, try sewing a piece of old linen on the stocking just where it is needed. If tacked on with cotton to match the stocking, it is almost invisible.

LOCAL AND GENERAL

Pete Holm is a patient in the Carmangay hospital.

Frank Racher celebrated his seventieth birthday on Sunday, October 4th.

Paul Kidder and his son, James, of Atlanta, Georgia, left Monday for their home. Mr. Kidder and his mother, Mrs. J. Kidder, of Mount Vernon,

Iowa, have been in the district for the past month looking after farming interests. Mrs. Kidder will remain in the district for a month.

Miss Gretchen McNaughton left Monday for Minneapolis, where she will take a course as a laboratory technician.

Mrs. Andrew Anderson and Merylin, of Lethbridge are guests at the home of Mr. and Mrs. G. M. Campbell.

"I'M A FREE MAN!"

"I'm glad I live in Canada. My family is safe here. There is no Gestapo, no hunger, no brutal aggression. I have a good job, and I am free, and unafraid.

"In many lands, the people have been robbed and beaten, their money and possessions forcibly taken from them. Here in my country, I can *lend* my money and know that it is *safe*, backed by all the resources of Canada, and that I will get interest on it, too. I am gladly doing without some things so as to be ready to lend every dollar I can to the country that has been so good to me and my family."

* * *

Every dollar you lend to Canada helps to protect you . . . gives you the right to work in personal freedom instead of under brutal dictators . . . enables you to live your own life, for yourself and your loved ones.

Victory Bonds are a good way to save . . . this country has always paid back every penny loaned to it, with interest. Plan now how you can lend your money . . . figure how you can save to lend more. Back up the men who are fighting for your freedom . . . let your self-denial show your loyalty to Canada.

NATIONAL WAR FINANCE COMMITTEE

The Chronicle Tobacco Fund

This fund is for the purpose of sending cigarettes regularly to the boys of the district serving overseas in Canada's forces.

It is planned to send 300 cigarettes each month to each boy.

Money will be collected by voluntary donations made direct to the Chronicle which will be acknowledged in the paper, and through receptacles to be placed in all places of business.

Every cent of money collected will go directly for purchase of cigarettes as the Chronicle is assuming all expenses in connection with the fund.

The local I.O.D.E. chapter has kindly consented to administer the fund, that is, they will handle all monies, book-keeping and ordering.

Donations, distribution and expenditures will be published regularly in the columns of this paper.

No donation is too small to help in this work. Won't you plan to help see that our boys get enough smokes?

C. W. A. C. GIRLS TO HELP SANTA WITH OVERSEAS

By James McCook
Canadian Press Staff Writer

OTTAWA, Oct. 10—(CP)—Mail your Christmas presents to the man overseas or on the seas in the right way and the post office department will treat them as carefully as if they were a maharajah's diamonds.

But the post office says, please mail them before Nov. 10—as long before as possible—and see that the package containing them is properly addressed.

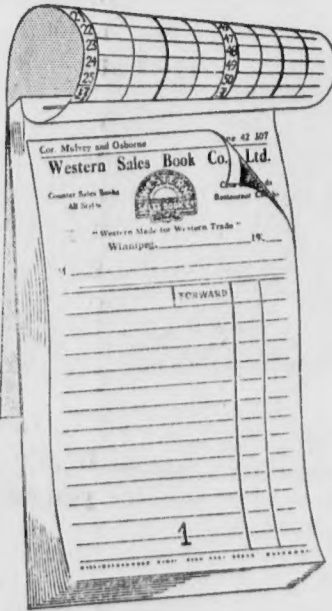

"The post office will see that the men get their Christmas mail in good condition, if the public co-operates," an official said. "Remember, the mail should be in the post office by Nov. 10, the address should be clear, and parcels should be securely made up. These things done, we'll see they get them—quick."

Army Women Help—This year for the first time members of the Canadian Women's Army Corps will assist the movement of parcels and other

mail through the base post office at Ottawa. The base knows the whereabouts of almost everyone in the Canadian Army, and National Defence Headquarters keeps it informed of troop movements—all this information being kept a secret within the post office.

This co-operation assists the movement of mail and avoids the necessity of parcels and letters chasing a man from camp to camp in the United Kingdom or elsewhere.

The usual burst of Christmas cards will be supplemented this year by heavy mailings of airgraphs and armed forces' air mail letters, officials said. In some cases, these messages have been delivered three days after they leave the Dominion. The armed forces' air mail letters, introduced in July, have jumped into popularity, with 150,000 used in July and 250,000 in August. Airgraphs now are available both for messages to the man overseas and return. The airgraphs are used by both fighting men and civilians and a total of 62,000 was moved in one week recently
